

emsi Career Coach

Can students find career information on your website?

Communicate with the local community about local careers
Market education and training programs to students and jobseekers
Connect people to good local employment and training

**Students want to know how education and training lead to good jobs.
Career Coach answers that question.**

Career Coach tells students (even potential students) how the education you provide will lead to careers that interest them. This user-friendly web-based tool markets careers and programs to students by providing valuable information on how wages, trends and careers connect to education and training at the college.

**CAREER COACH IS USED BY
ORGANIZATIONS ACROSS THE COUNTRY,
INCLUDING:**

Once a student, potential student or jobseeker finds a job, we make it easy for them to contact you about the appropriate training. In addition, if the user encounters disappointing results for one occupation, **Career Coach** quickly generates a list of similar jobs that have stronger regional profiles.

Career Coach's simple interface and quick workflow will help you connect jobseekers to employment and training, as well as gather essential data on the people you serve so that you can serve them better.

Economic Modeling Specialists Inc. (EMSI) provides high-quality employment data and economic analysis via web tools and custom reports.
